

SUPER II™ PUMP

MAX-RATED, HIGH-PERFORMANCE PUMP SERIES

Performance of a lifetime.

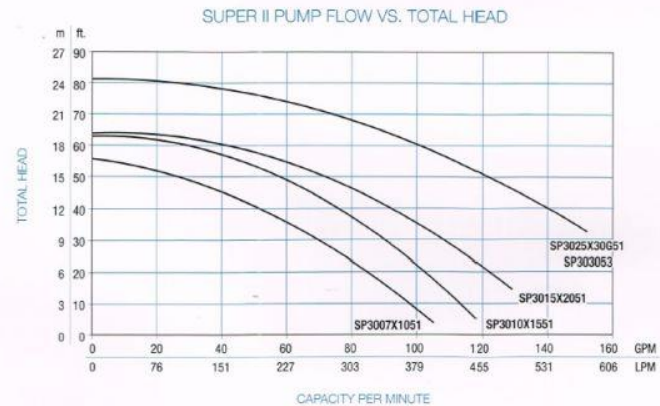

Power your system with the max-rated, high-performance Super II pump series from Hayward®. These efficient, large-capacity pumps are built to last and engineered to perform even under the most demanding conditions.

Convenient features include a see-through cover so pool owners know exactly when to empty the extra-large debris basket. Performance features include full-flow hydraulics that allow greater flow at a lower cost of operation and a housing design that makes it as quiet as it is dependable.

Super II Pumps. The superior choice.

OVERALL DIMENSIONS	MODEL	Motor Power			Pipe Size		Dimension "A"	
		Total HP	Rated HP	Service Factor	inches	inches	mm	
	Max Rated 220V/50Hz 1PH
