

High Performance Pump

Efficient and versatile: the strong, silent type

The SuperFlo® pump is a product of more than 40 years of innovative hydraulic engineering. The result is an ability to move water more efficiently for lower operating cost and super-quiet operation. Plus, by performing with less effort, there's simply less wear and tear – and that means longer life for a higher return on your pump investment.

SuperFlo® meets all the criteria for a superior pool, spa or water feature pump thanks to its PENTEK™ motor. It's super energy-efficient, it's quiet and super easy to maintain. Furthermore, it's designed with innovative materials that will stand up to the most demanding installations and conditions. Whether you're choosing your first pump or replacing older technology, SuperFlo® is definitely a super choice.

Features:

- With 0,37kw (1/2 HP) – 2.20 kw (3 HP), there's a perfect match to your application and assurance of minimum energy consumption
- "Cam and Ramp™" lid locks in place with a quarter-turn for easy cleaning and maintenance
- Heavy-duty, TEFC (Totally Enclosed Fan-Cooled) motor for long life commercial grade at a consumer price
- Quiet operation due to superior internal flow design that reduces hydraulic noise
- See-through lid permits easy inspection of strainer basket
- Self-priming for quick, easy start-up
- Both 230 (single-phase) and 400 (three-phase) volt models available
- Performance and pressure tested to ensure superior quality
- CE and TÜV certified
- 3 years warranty
